

Suggestions for Note-taking

Sometimes all the information coming at you can feel like a firehose! And taking a ton of notes can be a bit distracting. That is why it is helpful to classify yourself as a beginner, intermediate, or advanced learner, so you can be more purposeful in what you choose to write down. Our Bible Quiz on the Digging Deeper tab on our website can help you determine what level you are.

Here are some note-taking suggestions using Genesis as an example:

Beginner:

God creates the world and God creates a nation, known as Israel.

Intermediate:

Key events in Genesis include: Creation, Fall, Flood, Tower of Babel, Patriarchs of Israel

The three patriarchs of Israel are: Abraham, Isaac, and Jacob. Jacob has 12 sons who become the 12 tribes of Israel (sort of!)

Advanced:

The 12 sons of Jacob sort of become the 12 tribes of Israel:

- * 10 of them match up
- * Joseph isn't represented as a tribe but his 2 sons both are (Ephraim & Manasseh)
- * The Tribe of Levi does not inherit land
